

MANY KILLED IN A COLLISION

Two Fall River Passenger Boats Crash Into Each Other in a Fog.

BOAT IS SAVED

The Passengers on Board Were in a Panic, But Did Not Leave the Vessel.

(Special By Scripps-McLae.)
New London, Conn., March 20.—Soon after midnight this morning while the passengers on the Fall River line steamer Plymouth were sleeping peacefully the steamer Tautin of the same line crashed into her side, causing at least six deaths and injury to many more.

The Dead
The known dead are John McCarthy, watchman; Snow Coleman, pantryman; Julius Dawson, John Williams, John Bristol, colored waiters; Jonathan Thompson, passenger; Wilkesbarre, Pa. It is believed that there are surely other dead in the water soaked compartments of the steamer and a diver went aboard soon after the damaged vessel arrived here to search for more bodies.

How It Happened
The Plymouth left New York on Thursday with about five hundred passengers. The collision occurred about twenty minutes' sail from Gull Island. A dense fog prevailed and the first warning either boat had of the proximity of the other was when the Tautin ran into the Plymouth's side, tearing a hole 35 feet long.

All Confusion
In an instant all was confusion. Shrieks of the dying and injured were drowned by the shouts of the officers while the cries of the panic stricken added to the tumult. For a time it was feared the boat would sink and preparations were made to launch the life boats, but a hurried investigation showed the boat not to be taking in water. Steam was gotten up and a start made for this city, which it reached at four this morning. Only one of the injured is believed to be fatally hurt.

JANESVILLE HAS A CANDIDATE

Petition Is Being Circulated to Nominate William Ruger for Judge of the Supreme Court.

Janesville has a candidate for the position of judge of the supreme court, left vacant by the death of Judge C. D. Bardeen in the person of Wm. Ruger. The petitions were put in circulation today as soon as the death of Judge Bardeen became known, for the reason that section 32 of the revised statutes says, that the nominating petitions shall be on file in the office of the secretary of state at least fifteen days before election, and must contain at least one thousand names. The fifteen days would be up tomorrow and the petitions must be on file with the secretary of state by tomorrow afternoon in order to get Mr. Ruger's name on the ticket. The papers met with general favor throughout the city and up to this afternoon a large number of signatures had been secured.

The idea that Mr. Ruger might secure the position was popular with all classes, and rightly too, as Mr. Ruger is eminently fitted to fill the place on the bench left vacant by the death of Judge Bardeen.

Mr. Ruger took up the practice of the law in this city at the close of the rebellion and since that time has been in active practice. He is considered one of the foremost exponents of the law in southern Wisconsin, and has tried and took part in some of the hardest fought legal battles in the history of Wisconsin. His judgments on questions of law have stood the test of many trials in the supreme court and a majority of his trials have been successful.

He has been the attorney for the North-Western railroad in this district for the last thirty years and is highly esteemed by them.

If Mr. Ruger should receive the nomination for this important position, the people could feel assured that he would fill it with honor to himself and those who elected him.

Pepperell, Mass., March 20.—Fire Thursday morning destroyed the plant of the Leighton Shoe company. The loss is \$300,000.

KILLS WOMAN AND FEEDS HER BODY TO THE HOGS

Marion Price Confesses That He Murdered a Schoolteacher and Robbed Victim's House.

Carbondale, Ill., March 20.—Marion Price, who is in the Williamson county jail with Bud Graves, has confessed the murder of Mrs. Nellie Reichelderfer, a schoolteacher. With the utmost composure Price related that he shot Mrs. Reichelderfer in her yard and, when she was helpless, threw her into a hog pen, where the hogs mangled her body and completed his work.

Price asserts that he planned the crime with Miss Lizzie Stafford, a sister to Mrs. Reichelderfer. This part of his confession, however, is not believed by the officials.

After the murder, Price says, he ransacked the victim's house. He found only \$1, although Mrs. Reichelderfer was wealthy. Both Price and Graves, who are 21 and 19 years old respectively, will be tried for the murder. The theory is that they killed Mrs. Reichelderfer while trying to rob her and her sister.

Vienna, March 20.—Jewels, valued at about ten thousand dollars, have been stolen from the cathedral of St. Stephen during the past night.

POPE SAYS HE WANTS TO DIE IN THE HARNESS

Shows Slight Improvement This Morning—Does Not Wish to Give Up the Audiences He Held.

(Special By Scripps-McLae.)
Rome, March 20.—The pope, who has been ill for several days past with cold and weakness, is rather better this morning, though weakness continues. He insists, however, upon resuming his audiences, saying: "I am so accustomed to this kind of life that I cannot change, I will die in the harness."

SPARKS FROM THE WIRES

The combination idea is strongly advocated by speakers at the Chicago convention of dressmakers. Miss Alice Roosevelt reached San Juan, Porto Rico, from New York and was enthusiastically received.

More than seventy mineowners of California have formed an organization to carry on a fight against the Western Miners' association.

More than 250 indictments have been found against miners by the grand jury of Charleston, W. Va. The indictments charge resistance of federal authority.

Mayor Harrison in a Chicago campaign speech said that he is the engineer of the democratic party, while Graeme Stewart is only a cog in the republican apparatus.

It is believed that the Shoen Manufacturing company, at Racine, where fifty employees went out on a strike, will remove from the city on account of the labor troubles.

United States Supreme Justice Day, who has been seriously ill, is reported to be improving steadily. His condition is regarded by his physicians as very satisfactory.

The graceful figure was declared by Mme. Payne at the Chicago dressmakers convention to be more valuable than the pretty face. The former is available to all women by the use of the corset. Pads and other devices were denounced.

Mayor Harrison's Chicago supporters are clamoring to place any sum of money at even on their favorite's chances for re-election, but the friends of Mr. Stewart are only taking small sums of it as they are looking for odds.

Sixty nonunion machinists, blacksmiths, and boiler makers left Kansas City, Mo., for Shreveport, La., to take the place of striking union men in the Kansas City Southern shops. Members of other unions went to the station, and serious trouble between the union and nonunion men was narrowly averted.

President Estes has been summoned by the Victoria police to answer to the charge of conspiracy to delay his majesty's mails. The action is the result of a strike on the Canadian Pacific Navigation company's steamers, declared Monday, in sympathy with the strike along the Canadian Pacific railway.

NOOSE SLIPPED AND MAN BLED

Bungling Sheriff in Minnesota Nearly Beheads a Man He Was to Hang.

GRUESOME SCENE

Big Hole Was Cut in His Head, by the Knot Slipping During Hanging.

(Special By Scripps-McLae.)
Aitkin, Minn., March 20.—One of the most horrible and bungling affairs ever held at a hanging occurred here this morning when Ole Olson, a wealthy Swede was hung for the murder of his daughter on her wedding eve.

Covered With Blood
The sheriff in tying the knot about the victim's neck, allowed the end to remain under his ear and it tore a huge hole in the flesh completely covering the body with blood and splashing several of the bystanders.

Killed Daughter
Oleson killed his daughter because she was about to marry a man whom he did not approve of and had threatened to kill him if he continued to pay attentions to his daughter. He was convicted some time ago of the crime.

Lawyer in Burdick Mystery Denies the Report That Mrs. Burdick's Mother Met With Accident.

(Special By Scripps-McLae.)
Buffalo, March 20.—The attorney for Mrs. Hull, the mother of Mrs. Burdick, denied today that she is ill or injured as was reported last night. He declared she is merely nervous as the result of the strain of the past two weeks.

PUPILS MUST BE VACCINATED

Indiana's School Children Now Under Orders Upheld by Court.

La Porte, Ind., March 20.—The decision of the appellate court, upholding the power of school boards to compel the vaccination of children, will be obeyed in the ninety-six counties of the state. Rigid enforcement of vaccination orders will be effected. Dr. Hurty, secretary of the state board of health, has defined his reasons for the belief that the state will be scourged with smallpox unless radical measures are enforced. The Terre Haute case arose from the action of the school authorities in keeping a child out of school, the father having forbidden vaccination.

Mrs. Betsy Hasbrook died at Oshkosh at the age of 103 years.

BURNING CAB ON FAST TRAIN

Engine on Washington Flyer Catches Fire, and Trainmen Seek Safety.

SCARE PASSENGERS

Some One Pulled the Emergency Cord and Succeeded in Stopping the Train in Time.

(Special By Scripps-McLae.)
New York, March 20.—With the engine cab in flames and a trail of fire streaming behind like a comet, the engine on the Washington express dashed for some miles with no one to guide it.

Fire Starts
Fire broke in the cab of the engine and drove the engineer and fireman to the front end of the baggage coach for safety. Here they pulled the whistle cord so furiously that the passengers became panic stricken.

Saved by Coolness
The entire train was saved only by the extreme coolness of one of the passengers who calmly pulled the emergency brake cord and stopped the train thus saving the lives of many of the passengers.

GERMANY SHOWS ITS DISLIKE

Criticises the New German Minister for His Friendliness with Us.

MRS. MAYBRICK WILL BE FREED IN NEXT APRIL

English Government Will Liberate the Woman Who Was Given Life Sentence.

(Special By Scripps-McLae.)
London, March 20.—Information from good authority announces that Mrs. Maybrick now undergoing life sentence as the result of conviction of the charge of having poisoned her husband, will be released from prison in April of next year. Mrs. Maybrick was first condemned to death, but popular sentiment was so strong she was given a life sentence which she began in 1889. Life sentence in England means only imprisonment for twenty years. Mrs. Maybrick has maintained her innocence ever since her conviction.

CAPTURE ALLEGED MURDERER

New Haven Police Have Man Who Is Thought To Be Slayer.

New Haven, Conn., March 20.—The police have captured Antonio Simione, aged 40, who is believed to be a brother of Vincenzo Sanviero, under arrest for murder in Waterbury. If the man here is a brother of Sanviero, he is wanted in connection with the Waterbury Italian murder committed the same night as the murder of Policeman Mendelsohn, an outgrowth of the street railway strike there.

RUNAWAY COAL TRAIN KILLS THREE MINERS

Fourth Man Is Fatally Injured and Nine Others Are Probably Crippled for Life.

Johnstown, Pa., March 20.—After dashing down the shaft of the Sunshine mine with terrific speed, a runaway coal train of twenty-three cars was wrecked on a "dip" and thirteen miners buried in the debris. As a result, three men are dead, one fatally injured, and nine others more or less seriously hurt. The men were buried under the wreck of the rear car, into which the remaining twenty-two cars crashed with awful force. The dead are horribly mutilated, and many of the surviving victims sustained injuries that will cripple them for life.

The accident occurred as the men were leaving the mine. A "trip" of about twenty-five loaded cars, was being hauled to the surface by an endless chain. When the cars left the center of the mine, fifteen or more men climbed aboard.

The train climbed three-fourths of the steep grade in safety, but when a short distance from the level the hitching between the second and third cars broke. Slowly at first, but with greatly increasing speed, the cars sped downward, giving the men scarcely an opportunity to jump and save themselves. When about 200 yards from where the hitching broke the foremost car left the track and the remainder of the trip piled up back of it.

LOUISE TRIES TO SUICIDE

Watchful Guards Prevent Her Second Attempt on Her Own Life.

(Special By Scripps-McLae.)
Vienna, March 20.—Louise has tried for a second time to commit suicide and has been frustrated by watchful attendants who guard her.

ASSEMBLY WORKING HARD— COVERS ALL THE GROUND

School Tax Bill Is Laid Over in the Assembly Until Wednesday.

(Special By Scripps-McLae.)
Madison, Wis., March 20.—Assembly today laid bill reducing school tax to \$55.00 over to Wednesday. Bill regulating automobiles advanced to third reading. Reconsidered vote by which it killed bill giving county boards power to appropriate money for soldiers' monuments and concurred in it. Passed bill exempting musical instruments from taxation.

STATE NOTES

The Wisconsin river is rapidly rising at Merrill and a flood is eminent.

Sewer bonds in the sum of \$55,000 and school bonds of \$80,000 were sold in Racine.

St. Mary's Catholic church at Beaver Dam was struck by lightning and badly damaged.

At the farmers' institute held at Marshfield, state and federal aid towards better roads was asked. The fish commission at Madison will continue the work of propagating more pickerel in Lake Mendota.

The annual convention of the Green Bay district of Christian Endeavor societies is in session at New London.

Andrew Wood's 2-year-old son fell from a porch at Wautoma and struck the back of his head on an ax, causing death.

A special coach containing sixty normal students left Plattville for Oshkosh to attend the international oratorical contest.

Joseph Uetz, aged 14 years, was struck by a switch engine in the Milwaukee yards at an Alamo and will probably die.

The hearing in the case of Louise Winkler of Shawano, charged with sending improper matter through the mails, resulted in her being held for trial.

Postmaster Charles Frantz received notice from Washington this morning that the salaries of all the clerks in the Kenosha post office had been raised \$100.

Four children, named Fitzner, living in Hay Creek, near Menomonie, were committed to the state school for dependent children at Sparta, their father having gone to the poor house and their mother to the insane asylum.

On June 4 the picnic of the Modern Woodmen of America of southern Wisconsin and northern Illinois will be held in Janesville. President Roosevelt will be invited to attend the picnic. He will be in Rockford the preceding day.

The debate between teams representing Lawrence university and Upper Iowa university, which was to have taken place in Appleton April 10, has been declared off, as the result of injuries received at football last fall. Herbert W. Peck of Beaver Dam, leader of the Lawrence team, has been ordered by physicians to stop study for at least a year.

The Milwaukee Federated Trades Council adopted resolutions recommending that union men arm themselves for defense.

Step Shamrock's Mast.
Greenock, Scotland, March 20.—The most of St. Thomas Lipton's new challenger, Shamrock III, was stepped and put in place in James Watts' dock. Sir Thomas watched the operation.

JUDGE BARDEEN DIES AT MADISON

Justice on the Supreme Bench Passes Away Early This Morning.

RECENTLY CHOSEN

He at One Time Resided in Edgerton, Rock Co., and Will Be Buried There.

(Special to The Gazette.)
Madison, March 20.—Judge Charles V. Bardeen, of the supreme bench, died this morning after an illness of some time. Yesterday afternoon he was reported slightly better and hopes for his recovery were given out by his physicians. During the night, however, he failed rapidly and the end came this morning.

Charles V. Bardeen was born in Brookfield, Madison county N. Y., Sept. 23, 1850, removing to Wisconsin with his parents in 1855. He attended the Albian academy and graduated in 1869 and then entered the law office of J. P. Towne of Edgerton. He graduated from the law department of the university with the class of 1875 and commenced the practice of law in Wausau, Marathon county. Here he was city attorney, district attorney and city superintendent of schools. In April, 1891, he was elected circuit judge of the 16th judicial circuit and was re-elected in 1897. He was appointed to the supreme bench in January of 1898 to succeed the Hon. A. W. Newman, deceased. In April of 1898 he was elected for the residue of the term.

Legislature Adjourns
In deference to death of Justice C. V. Bardeen of the supreme court, which occurred this morning at 5:30 o'clock, both houses of the legislature adjourned until Monday night, just after convening this morning without transacting any business.

Resolution Passed
Joint resolution expressing sorrow of the legislature, and appointing a joint committee of nine to represent the legislature at the funeral, which will be held here Sunday, was passed.

Buried at Edgerton
The remains will then be taken to Milwaukee and cremated and the ashes will be deposited in the urn on the family burying lot at Edgerton, Wis., where Judge Bardeen's parents and several relatives are buried.

Court Adjourns
The supreme court which also met to hand down decisions and begin hearing of arguments, adjourned until tomorrow, immediately upon convening.

HATTON'S PLAN IS NOT FEASIBLE

Senator Tillman Declares the Negro Problem Is Impossible of Solution.

(Special to The Gazette.)
Madison, March 20.—"There is no solution of the southern race question, and the plan of Senator Hatton for the Atlanta convention can have no telling effect." This was Senator Tillman's declaration on arrival in Madison Thursday afternoon.

"I cannot see what effect the convention, such as proposed in the Hatton resolution, could have," continued the southern senator. "The delegates chosen from the various states could only speak their sentiments. They could not act. Again, these delegates might not be chosen from that class of statesmen qualified to handle this question. They would be handicapped by ignorance, not illiteracy, but that ignorance of every northern man upon the subject of the attitude of the southern white toward the negro. I have been studying this question for twenty years and I can find no solution to it."

THIEVES DESECRATE AN ALTAR

Steal \$4,000 Worth of Trinkets From St. Stephen's Cathedral.

Vienna, March 20.—Thieves broke into St. Stephen's cathedral here and stole \$4,000 worth of trinkets from the high altar. No trace of the thieves or their plunder has been obtained. The holy altar of St. Stephen's is one of the most magnificent and imposing in all Europe, and its desecration by vandals has aroused the greatest indignation among all classes.

SURGEONS OPERATE ON CHILD

Two-year-old Is Put Under the Knife at Pittsburg.

Pittsburg, Pa., March 20.—Surgeons of the Mercy hospital here have amputated the complete right upper extremity of Amelia Zewe, a child 2 years old. Amputation was necessitated by a malignant growth, and included, beside the arms, the collarbone and shoulder blade. The child stood the operation well and it is thought she will recover.

Civilian Is Killed in Duel.
Berlin, March 20.—A duel was fought here between an army officer and a civilian, in which the civilian, Herr Bamberg, was shot and killed.

WILL ARRANGE RACINE SCHOOL

GEORGE M. BRACE TO ESTABLISH
TRAINING DEPARTMENT THERE.

MODELED AFTER JANESVILLE

President of the Racine School Board
Visited This City Yesterday To
Inspect System.

George M. Brace, instructor in manual training in the high school, will probably be commissioned to place orders for machinery to equip a manual training department in the Racine high school. This is the result of the visit which the superintendent of schools of Racine made to this city yesterday. Previously they had been in correspondence with Superintendent Buell, C. S. Burham, of the Board of Education, and Mr. Brace. Their visit was made with a view to learning from actual inspection what the manual training work amounts to.

Miss Thayer Consulted
In addition to looking over the ground of the manual training work, these gentlemen spent some time in inquiring into the work of the domestic science department, and requested Miss Thayer, the instructor of that department, to prepare a list of the apparatus and utensils which would be required to establish a department for instruction in the domestic arts in the Racine school.

No instruction in either of these lines has ever been conducted at Racine, and action in such a direction is still tentative. If such work were to be taken up it would of necessity be elective to the students, and the visitors seemed yet undecided as to the wisdom of such a course. As to the success of the work as carried on under the guidance of Miss Thayer and Mr. Brace there were no two minds. They were enthusiastic over both departments.

Exhibit Going to Racine

In order to awaken interest at Racine, the exhibit which was recently made by the local manual training department will be sent to the Belle City immediately. On Friday, a week from today, the Racine board of education will meet to take decisive action. Mr. Brace will be present to plead the cause of manual training. He will present a list of necessary machinery for the first year's work, and an estimate as to its cost.

In case the decision of the Racine officials is favorable, Mr. Brace will doubtless be authorized to attend to the purchase of machinery. In that case he will spend the spring vacation in Chicago, making the selections where he can personally examine the apparatus before closing the orders.

BASE BALL TALK HAS BEGUN EARLY

Many Changes in Work of Colleges—
Old-Timers Recall the Janesville Mutuels.

Baseball interest at Wisconsin, which well might have faded away last year is blooming beautifully this spring. One of the gratifying features of the early practice is the fine showing made by the catchers. Coach Bandelin says they are the strongest lot that the university has ever had. There are a large number of promising applicants for the slab positions. Attempts are being made to secure one of the minor league teams, Joliet perhaps, for preliminary practice.

At Ann Arbor a squad of three hundred has been sifted down to forty-five baseball candidates. Most of the scramble for positions is in the infield, the outfield being practically clinched by last year players. Nine men claim the initial sack, and competition is corresponding at the other bags and shortstop.

Coach Hollister of Beloit has enlisted the co-operation of his men in his efforts to turn out a winning team to such an extent that they have all subscribed to an agreement to abstain from tobacco, liquor, pasty, except once a week, and to be in bed each evening at 11 o'clock. On the evenings preceding a game they will retire an hour earlier. Prospects are extremely bright. Old men are candidates for nearly every position.

Evanston's New Plan

Innovations have been the rule at Northwestern university, under the direction of Butterworth. His latest dodge beats them all for uniqueness. The varsity baseball nine will only play together once a week, on Saturdays. According to the system five teams from the different departments, with their second teams, practice simultaneously on different grounds. So far as the beginning is concerned, the experiment promises well. Interest is great, and over one hundred candidates are interested. Instead of about thirty. The danger in the plan lies in the possibility of developing a bunch of individual stars, with the semblance of team work. Perhaps Butterworth is looking ahead than this year.

Manager Duffy of the Milwaukee Western league team is in a peck of trouble, because he ordered suits for his men from a non-union house. As soon as the fact was learned the Federated Trades council of Milwaukee filed a protest. Duffy is to interview a representative of the unions, and the result will probably be the cancellation of the order.

A little warm weather brings out the baseball fans as surely as the first thaw does the lad with his marbles. Not a word has been heard from the old devotees of the diamond in many a week, but the past two days has opened up reminiscences galore of the "good old days" when Morrissey, "Johnny" Ward, Bushong, Cantillon, and the rest of them did steller stunts with the sphere. Many

are the sighs which have been sighed for the condition of which Janesville has come by some of the men who sat in the bleachers back in '78 and cheered on the winning Bower City nine.

WISCONSIN HAS MUCH ATHLETICS

Will Play Michigan on November 14
at Football—Meets Yale at
Water Polo.

It has finally been arranged that Wisconsin and Michigan will meet next fall on the gridiron at Ann Arbor on Nov. 14. In 1904 the Michigan team will come west to Madison and the game will be played on the Camp Randall gridiron. Wisconsin's heavy schedule for the coming season was so great that the manager tried to secure the consent of the Northwestern university team to cancel their game but in this was unsuccessful and the game will be played as was planned.

Track Meets

Minnesota meets the Badgers in a dual track meet on May 9. Then the Wisconsin team will go down to Champaign, Ill., and try their fortunes with the Illinois athletes. May 23 the Chicago university team will come to Madison and then in June will come the general meet at Ravenswood in which all the conference colleges will take part.

Freshies Out

Coach O'Dea has taken his freshmen out for their spring try out on the Yahara river between Mendota and Monona, and the boys are showing up in fairly good form. They have been in partial training since the first of the year working on the machines in the gym.

Plays Yale

On Thursday, April second, the Wisconsin water polo team will meet Yale at Cleveland and if it is victorious it will play Columbia university in the same city on April 5, for the intercollegiate championship.

WILL MOVE BACK TO JANESVILLE

Headquarters of the Badger State
Long Distance Telephone Co.
Boming Back Here.

According to the amended articles of the Badger State Long Distance Telephone and Telegraph company the headquarters of the company are to be in Janesville. Last fall when the company was reorganized and incorporated the headquarters were moved to Milwaukee. The amendments to the articles filed Wednesday reduce the number of directors from eleven to five and changes the headquarters to Janesville. The company at present has one of the best long distance lines in the state and are contemplating numerous improvements during the coming summer.

The rain yesterday and today has caused quite a rise in the river and the water is well up towards the top mark.

A Layman's Lenten Sermon.

Twenty-first day of Lent; St. Mark VII 21v.—For from within, out of the heart of men often proceed evil thoughts, adulteries, fornications, and murders. Theft, covetousness, wickedness, deceit, lasciviousness, an evil eye, blasphemy, pride, foolishness. All these evil things come from within and defile the man. Christ teaches us that we are all made good and pure. That we come into this world as babes, pure of mind and body and what we become afterwards lays with ourselves alone. That the evil comes out of man and does not go into him without.

Christ, the Master, knew whereon he spoke and today, as then, this statement will hold good that the evil in our lives comes from within our own souls and not from without. From experience we know that the many temptations put in our paths all come from the fertile brain of man. We know that when God made this earth there was no sin, no

wickedness. We have been taught from childhood the difference between right and wrong and when we persist in doing the wrong in allowing our thoughts to dwell upon things that are not good and pure we debase ourselves more than we are debauched by evil companions.

The mind is the governing power of mankind. If the mind is pure and not filled with worldly things and evil thoughts we are following out the teachings of our Holy Master and are walking in the straight and narrow path which will lead us to salvation and a life in the world to come.

Christ spoke in parables to his followers and listeners. He spoke thus perhaps thinking that if he gave them food for thought the truths would more surely go home to them more forcibly. He speaks to us through his book written by the disciples he chose and sent out to teach the word of God.

...Forty Years Ago...

Janesville Daily Gazette, Friday, March 20, 1863.—Sat. Clark, the man who addressed the democratic club in this city last week, declared in his place in the senate that Gen. Rosecrans "is a scoundrel, a villain, and a coward." Do not those who invite such a person to address them partake of similar sentiments? They may pretend to support the war, but if they fellowship and countenance such foul-mouthed traitors as Clark, their sincerity will be very much doubted.

Private letters have been received from the Twelfth battery, dated March 12th. They were encamped on a long and narrow sand bar, in the Mississippi river, a few miles below Helena, waiting for small steamboats to take them through the Yazoo pass.

The people of Detroit have appointed a committee to solicit subscriptions and afford temporary relief to the sufferers by the late riot. The committee reports that it has extended relief to about 150 persons, including children. Of these ten are white persons. It found six colored men so much injured as to be utterly helpless. Three of these were turned out of doors—their houses have been destroyed—and so terribly beaten that little hope is entertained of saving their lives. The men, named Fletcher, Pierce, and Boyd, were taken to St. Mary's hospital, where one of them, Joshua Boyd, a cooper by trade, and an industrious, upright, worthy man, soon after died. Mr. Boyd had amassed some money, with which he intended to purchase the freedom of his wife and two children, who are still slaves in Virginia.

ATTEND PICNIC.

MEETING WAS SUCCESSFUL

Picnic Here on June 4, Promises To
Be a Large One—Extensive
Preparation Being Made.

On account of the banquet and tonight taking more time than was anticipated the afternoon session of the Southern Wisconsin and Northern Illinois picnic association did not convene until three o'clock. June 4 was the day selected for the picnic in Janesville and Madison secured the picnic for 1904 by acclamation. The first business to come before the meeting was the report of the committee on credentials, which shows that seventy delegates were present and entitled to seats as follows: Rockford, three, camp 23; Elgin, 3; Madison, 8; Beloit, two, camp 10; Janesville, 4; Geneva, 2; Walworth, 2; Byron, 2; Cherry Valley, 1; Harlem, 1; Rockton, 1; Miller Junction, 1; Freeport, 5; Whitewater, 2; Evansville, 2; Shopshire, 1; Poplar Grove, 2. The report of the committee was adopted. Immediately after the report of the committee on credentials was adopted, the Janesville delegates announced that they had selected Thursday, June 4, as the day for holding the picnic in Janesville. The day selected was unanimously adopted by the convention. The next question to be discussed was where the picnic should be held in 1904. J. A. Love from Camp 348 of Beloit, moved that Madison be selected as the place for holding the picnic. Frank Alfred, holding the picnic, extended of Camp 365 of Madison, extended a hearty welcome to the Woodmen and should they select Madison and also presented invitations from Governor R. M. LaFollette, and Mayor J. W. Groves. George Kronicke of Madison also made a speech of welcome and thanked Beloit for the fraternal interest shown by them in moving that the picnic should be given to Madison in 1904. The motion was then put to a vote and Madison was chosen by acclamation.

C. E. Whalen, in behalf of Madison, thanked the convention for their vote and stated that the people of Madison would do their best to make the picnic a success, and that he was confident that it would be far ahead of the picnic of 1895 and 1900 in point of attendance. The Madison delegation were given the right to choose their own officers for the ensuing year and presented the following list: President, Frank Alfred; vice president, Frank M. Gilbert; secretary, C. E. Jewitt; treasurer, James Goody. The constitution of the picnic association was adopted as read during the morning session. A motion that an invitation be extended to President Roosevelt to attend the picnic in Janesville was carried unanimously. As President Roosevelt is to be in Rockford on June 3, the day before the Janesville picnic, there is a possibility that he may change his plans and spend a short time in this city as the guest of the Woodmen.

The convention returned a vote of thanks to the Janesville delegates and the Royal Neighbors for their entertainment while in the city. There being no further business the convention adjourned.

L. C. O'Brien of Ladysmith is in the city looking after business matters.

FIREMAN HURT BY COAL SHUTE

William Smith, of This City, Badly
Injured at Charter
Grove.

William H. Smith of this city, formerly a fireman employed between Freeport and Chicago, is in the hospital at Rockford on account of injuries received at Charter Grove, Tuesday night. He was firing the second engine of a double-header freight and was caught between the tender and the coal chute while taking coal at Charter Grove. He was taken to Rockford and placed in the hospital where it was found that he had received a severe fracture of the hip and was otherwise bruised. His mother and his sister were summoned from this city to attend him.

Ruby Oil

A young man who has many acquaintances in the big Broadway building in which he has an office has been driven almost to the point of moving by the nickname which he has acquired and the persistence with which it is applied to him. Whenever his fellow tenants drop into his office or meet him in the elevator the genial "Hello, Ruby!" almost makes him take to his heels.

It came about this way: He was saying that he would have to run out to get a new ruby lamp to take to the country with him, for he was an amateur photographer.

"Why don't you get ruby oil?" remarked one of his friends, who without cracking a smile explained how this oil gave the ruby light essential to the practice of photography, without the use of a ruby shade.

The young man dispatched his office boy for a supply of ruby oil and the joking friend gathered a number of the tenants into the office by the time the boy came back with this reply:

"Dear Mr. —: We haven't any ruby oil. In fact we would be much interested to learn that there is such a thing. It would revolutionize photography."

Then the physical impossibility of an oil producing a ruby flame dawned upon the young man, says the New York Times, and he produced the cigars, but since then his own name has been supplemented by "Ruby."

BRODHEAD

Brodhead, March 20.—Mr. S. D. Fisher spent Monday in Janesville on business.

Mr. Elmer Hamilton was home for Sunday from Madison.

Otto Zwygart was called to Madison on business last Friday.

Messrs. F. J. Norris and Wm. Turner of Orfordville were visitors here Wednesday.

Mrs. D. Nuzem and Florence spent Wednesday in Janesville with Dr. Richards and family.

Miss Susan Segers of Janesville, was the guest of Miss Emma Gould over Sunday.

Miss Eina Smiley of Albany is in the city the guest of Mrs. Kate Stewart and family.

Mrs. George West spent the latter part of last week in Juda visiting relatives.

Mrs. Eva Ward left for Chicago on Tuesday morning at which place she will receive medical treatment. She was accompanied by Mrs. M. L. Karney.

Dr. J. Sutherland and Miss Ruby Sutherland arrived home from Oshkosh on Monday evening called here by the serious illness of their father Dr. A. Sutherland.

Miss Annie Stuel left here for her home in Milwaukee last Friday afternoon. During her stay here she made many warm friends among the pupils of the high school who will greatly miss her.

Mr. and Mrs. P. Kilmore enjoyed a family reunion at their home last Sunday. Dr. and Mrs. Newman, of Monroe, Mr. and Mrs. W. Lewis of Evansville and Mr. and Mrs. J. C. Berryman of this city were present.

Dr. Provost spent Sunday in the city called here on account of the illness of Dr. Sutherland.

Mr. and Mrs. F. K. Vance and Miss Florence Young spent Sunday with Mr. and Mrs. Kropf, of Stouten.

Mr. George M. Gordon left last Friday afternoon for King City, Mo., for a visit with his brother, H. W. Gordon.

Miss Horton of Durand who has been a guest of Lewis Hookers family for the past few days accompanied Miss Josie Hooker to Chicago on Saturday, where they will visit a few days with Mrs. Hooker who is at the Presbyterian hospital.

Miss Florine Dewey of Ohio, left for her home in Toledo Tuesday after visiting some time with friends and relatives in this city.

Mr. and Mrs. Geo. Durand and daughter Vera of Bowdler, S. D. arrived in the city last Thursday for a week's visit with Mr. and Mrs. A. S. Cooley and others. They have recently been in Indiana for a visit with friends. Mr. Durand reports the business prosperous in the West. The years tell lightly upon our friends, and we are glad to not that they are enjoying good health.

Last Friday morning as Misses Maude Terry, Mildred Mitchell and Mabel Carpenter were driving, their driver Will Strodt turned too sharp a corner and the buggy was upset. Miss Mitchell is confined to the house from injuries received and Miss Carpenter sustained slight bruises. The others were fortunate to escape unhurt.

SUDDEN WEALTH FOR A WORKMAN

David L. Barry, a Machinist, Blossoms
Into a Rich Silver Mine
Owner.

From machinist to mine owner is the sudden leap taken by David L. Barry. Yesterday he was employed in the Hough Porch Shade works, having come from Savannah, N. Y., to enter upon the work. Last evening he left, in company with Arthur E. Stevens and "Teddy" Bagly, fellow workmen of his, for Camp Shannon, Colorado, where he has fallen heir to a silver mine by the death of his uncle, D. L. Barry, formerly of Janesville.

Barry will consume control of the mine at once, Stevens going with him in the capacity of surveyor. Both of the young men came to the city three months ago, from their boyhood home at Savannah. They were classmates at St. Ignace college, Syracuse, N. Y., graduating in '99. Bagly, who departed for the west with the other two, will go as far as Rock Island and return.

Wednesday evening a farewell party in honor of the departing gentlemen was held at 419 South Franklinclem street. About a dozen men were present, who enjoyed themselves in characteristic fashion, giving Barry and Stevens a rousing "send off."

Barry gave his last farewell to his fellow employees in the Vudor factory yesterday, when he bade them all goodbye in an informal speech. As a parting token they presented Messrs. Stevens and Barry with smoking sets. They were both very popular, and their departure will be felt, although everyone rejoices in their good fortune.

GONE TO HIS FINAL REWARD

W. E. Clinton
The sad news has come of the death of W. E. Clinton, which occurred at Long Beach, California, on Thursday morning, March 12th, 1903. He had been afflicted with consumption and sought relief in the sunny climate of California, but in vain. Mr. Clinton engaged in the grocery business in the county for many years. He won from all their confidence and esteem and the sincere sympathy of the community go out to the sorrowing mother and the family and the relatives.

ALVIN B. CARPENTER

Alvin B. Carpenter, a retired merchant of Beloit, died last night. He was born in Stratford, Vt., July 17, 1812. When seven years old he left home to earn his own living. At 15 he entered the employ of his brothers in a store at Troy, N. Y., as chore boy. With his wages and money made by selling chestnuts he saved \$500 and started in business as a peddler. At 23 he had made \$10,000. He came west in 1835, locating at Evansville, Ind., where he went into business with two brothers. Ten years later Mr. Carpenter moved to Galena, Ill., and then to Chicago, coming to Beloit in 1846. He became proprietor of a general store and established a branch at Cambridge, Wis., which town he founded, and another at Delavan. He also laid out the town of Avon. It is said he built more houses in Beloit than any other man.

All Run Down

It's not uncommon for people to come into the store and state the case like this: "I'm kind of played out; don't sleep, don't want to eat, feel tired all the time." We give them **VINOL**, and tell them to *come back for the money* if it doesn't help them. **VINOL** always helps cases of this kind. It seems to rebuild the waste and makes the food do some good.

WISCONSIN WEATHER FORECAST

Generally fair tonight and Saturday, cold wave tonight.

LESS POLITICS, MORE BUSINESS

The following non-partisan ticket was presented at the citizens' meeting held at the opera house, Saturday evening, March 14. While it was not endorsed by formal action, it was accepted by most hearty approval. It will be presented to both the republican and democratic primaries and there is every reason why it should be accepted by both parties and become in fact as well as name,

THE PEOPLE'S TICKET

Mayor—A. O. Wilson.
 Clerk—A. E. Badger.
 Sealer of Weights and Measures—Martin Dunn.
 School Commissioners, at Large—S. C. Burnham, First Ward, James Shearer, Third Ward, H. J. Cunningham, Fifth Ward, Paul Rudolph.
 Justice of the Peace—C. W. Reed.

Ward Tickets

First Ward—J. W. Sale, alderman; W. F. Carle, supervisor.
 Second Ward—Henry Rogers, alderman; H. L. Skavlem, supervisor.
 Third Ward—A. E. Matheson, alderman; J. L. Bear, supervisor.
 Fourth Ward—C. W. Schwartz, alderman; F. P. Grove, supervisor.
 Fifth Ward—E. J. Schmidley, alderman; E. Rotherham, supervisor.

THE TICKET ALL RIGHT

No organized opposition to the ticket presented at the Opera house last Saturday has developed, and from present appearances it will be endorsed at the party primaries to be held next week.

This is as it should be. The men on the ticket are not only unobjectionable, but they stand for good citizenship and business reform. They belong to the class of citizens who could not be induced to enter a race for city office where politics was the only incentive.

Their election means a long stride forward in point of government and it means the establishing of a precedent along the lines of non-partisan good fellowship that will result in permanent good.

The horizon of partisanship is sometimes extremely narrow, and it is possible for men to become so blinded as to overlook their own interests.

In a city like Janesville and especially in Janesville the conditions are favorable for non-partisan government. The city is noted for intelligence, and a large percentage of its population occupy their own homes and are in comfortable circumstances. The citizens are law abiding citizens and the morality of the city is above the average.

The two political parties are so evenly divided that neither can claim any great advantage, and both can well afford to sacrifice party pride, for the general good.

The municipal league is a home organization, composed of a representative class of tax payers, who have no axes to grind, either political or otherwise.

If it is possible for 300 men to stand together on one common platform, it ought to be possible for 3000 voters possessed of the same interests, to do the same thing.

The way has not only been made possible but easy, as well, for them to do this. There isn't a republican or democrat in the city who believes in wholesome government, who can afford to oppose the citizens' ticket.

A GOOD OMEN

Legislation now being considered at Madison, speaks well for the senate. The spirit to rush everything through the house, without consideration or discussion is less pronounced than it was in the earlier part of the session.

The attention of that body has been secured by the railroad interests, stimulated by a strong outside lobby of manufacturers and business men, and the outlook for conservative action is flattering.

The senate from the first has been conservative, but until the last week, the assembly seemed to be under the hypnotic spell, ready to observe any edict that was issued from the executive chamber.

The arguments advanced by Mr. Gill, of the Wisconsin Central against the proposed bill, creating a rate commission, have had weight in the assembly, and it is extremely doubtful if the bill ever becomes a law.

Mr. Gill represents one of the roads in the state that has passed through the hands of a receiver. The road has not paid a dividend for thirty years, and he claims that if his company and others of a similar class, are burdened with unjust laws that they will be forced out of business.

This is a proposition that was evidently new to the assembly, and there are enough fair minded men in that body to give the matter thoughtful consideration.

While this discussion was going on

in the assembly, the senate was considering the important question of taxing credits, and by a vote of 20 to 9, sidetracked this pernicious measure.

These are omens for good. The legislature seems finally to have become aroused to the fact that the interests of the state do not all center in the capitol, and that the people are not suffering for reform. The state has moved along in the even tenor of its way, for a generation or more. A harmony of interests has prevailed that was commendable and the state enjoyed an enviable reputation, for possessing common sense in rare degree.

There is no more occasion for radical reform than there was for the introduction of the free silver craze in the ranks of the democratic party. The latter resulted in the demoralization of the party, and the former will demoralize the state unless checked in time.

There is a great deal of noise and bluster about this class of reforms, but they lack the first elements of common sense.

SUBSTANTIAL PROSPERITY

The export trade of the United States is rapidly resuming its normal conditions. February figures of the Bureau of Statistics show the largest exports of any February in the history of our commerce, and also show that the exports of the three months ending with February were larger than those of the corresponding period of any earlier year. On the import side the figures also show a continuation of our growth which has characterized the last two years, and the figures of the eight months, ending with February suggest that the imports of the United States in the fiscal year 1903 may exceed a billion dollars, while the export figures seem likely to exceed one billion four hundred millions.

In the short month of February alone, the exports amounted to \$125,502,105, which is 12 millions in excess of any preceding February, and more than double the figures of February 1902, in which month the total exports were \$59,931,984. Taking the three months ending with February 1903, the total exports are \$407,526,200, against \$215,151,471 in the three months ending with February 1902. Thus considering either the month of February or the three months ending with February 1903, the total exports are not only larger than in that period of any preceding year, but practically double those of a decade ago. These large export figures are due in part to the fact that the new corn crop is rapidly entering the markets of the world, to which the United States was able to make but slight contributions last year, the corn exportations in February 1903 having been 13 million bushels against a little over one million bushels last year; Cotton export also show a marked gain over those of last year, the value of cotton exported in February 1903 being \$37,423,317, against \$24,768,702 in February of last year. Both in quantity and price the cotton exports of February exceed those of February 1902, the number of pounds exported in February 1903 being 401,594,799 against 296,814,567 in February last year; while the average price per pound was 9.3c in February 1903, against 8.3c in February 1902.

The following table shows the total exports from the United States in the three months of December, January and February from 1893 to 1903:

Three months ending with February.	Total Exports Dollars.
1893.....	215,151,471
1894.....	244,667,296
1895.....	222,083,544
1896.....	257,201,049
1897.....	290,553,895
1898.....	328,393,083
1899.....	347,279,191
1900.....	360,292,166
1901.....	395,172,486
1902.....	367,556,414
1903.....	407,526,200

There is only one law that governs in the business world and that is the law of competition. This law is recognized in the commercial and industrial world, as well as by all transportation companies. A railway tariff commission is about as competent to make a practical schedule of rates, as a committee of peddlers would to attach prices to a stock of dry goods.

It is reported that a man's stomach has been lost in transit. There are a good many people who manage to lose their bearings on account of rebellious stomachs.

Between the high water problem and the race problem the south finds plenty of occupation these days. Wisconsin can hardly afford to add to the disturbance.

Buffalo has had her exposition and she now has her murder trial. The man who is looking for sensations makes no mistakes in "getting off at Buffalo."

Golden rule Jones aspires to succeed himself as mayor of Toledo. His reform measures never have been popular outside his home city.

PRESS COMMENT

Hudson Republican: We read that the "Farmer's Wife will be sent free one year on trial." What rivalry there is among matrimonial agencies these days.

Racine Journal: Senator Quarles at least did one thing. He unlearned in this state a healthy Wisconsin

idea in favor of following the suggestions of the tariff plank in the 1896 national campaign.

Chippewa Herald: The Milwaukee Free Press is authority for the statement that many robins have been seen in that city. According to Mr. Schlitz, swallows are also very numerous in Milwaukee.

ARE INCORPORATORS OF A MANUFACTURING STOCK CO.

LOCATED IN THE BOWER CITY

The Attorneys Named Are W. O. Newhouse, W. A. Stevens and W. A. Goodhart.

From looking over the articles incorporating the "Janesville Contracting Company," filed today with Register of Deeds Weirick, it would seem that the legal profession had invaded a new field of action.

The Janesville Contracting company is organized for the purpose of constructing and erecting buildings, appliances, repairing, building and constructing machinery, buildings, plants, wire lines, for the furnishing of wood, metal, limes, wires, and appliances for buildings, and for furnishing the labor necessary to do all the work. The buying and selling of merchandise and personal property and carrying on mercantile, constructing and building business in all its branches.

Headquarters Here
The headquarters of the company are given as Janesville, and the capital stock at \$2,000 divided into twenty shares of \$100 each. The incorporators are W. O. Newhouse, W. A. Stevens and W. A. Goodhart, all attorneys in Fethers, Jeffris and Mount's office.

NARROW ESCAPE FOR MISS PURVIS

Falls Fourteen Feet; Breaks Her Arm and Is Otherwise Injured.

Miss Leone Purvis, a sister of Mrs. Charles I. Sloan, was the victim of a fall yesterday that might have resulted fatally for her, but fortunately she escaped with a broken arm and several severe bruises.

At the rear of the Sloan residence on Racine street there is a one story addition, with a door opening out into it from the second story of the house. The addition has a tin roof on it and a low railing around the edge. Miss Purvis stepped out to the edge to empty an oat meal can and was leaning over the railing, which was a slight affair, when it gave way letting her fall to the ground, fourteen feet below. There was a large stone on the ground and in her fall Miss Purvis did not miss it over two inches. Had she struck on it, she would undoubtedly be killed or fatally injured. Dr. Sutherland was called to attend the injured young lady and found she had suffered a fracture of the bones of the left arm above the wrist besides a number of severe bruises.

NOTICE TO ADVERTISERS.

On and after April first, 1903, no contract will be made for business localities. The rate for this class of advertising will be ten cents per line for each and every issue of either Daily or Weekly. The Gazette adopts this policy for two reasons.

First. To improve the news columns of the paper. The first consideration of any newspaper is the reader, and its value to the advertiser depends entirely upon its popularity with the reading public. Business localities frequently flood the composing room the last hour before the paper goes to press, and news is sacrificed to meet the demands of this class of business. Second. The Daily Gazette is rapidly extending its circulation throughout the country, giving the Janesville merchant an opportunity to talk to the farmer as well as the city customer, six days in the week. This means faster machinery, and increased expense in producing a paper as well as increased value for advertising purposes.

The Gazette has also adopted what is known as the space rate for displaying advertising, and prices have been placed within the reach of all advertisers.

The paper has long enjoyed a liberal patronage from home merchants, and it is in position today to furnish better service than at any time in its history.

Have Begun Work: Contractors have already begun work in remodeling the Conger property on Madison street, into flats. It is expected the work will be completed by May 1.

MANY FLATS TO BE BUILT SOON

CONTRACTORS SAY PEOPLE LIKE TO LIVE IN THEM.

THEIR VIRTUES ARE EXTOLLED

No Coal, No Lawn Mower, Steam Heat, and Electricity, the Charms That Draw.

Flats are in greater demand than ever before in the history of Janesville. This is the statement made by one of the prominent local builders, and corroborated by several others. Several new apartment houses are already contracted for, and architects are working upon plans for others. At that it is believed the supply will fall short of the demand.

There was a time when the Sunday supplement comic artist had a rich field in portraying the miseries of flat life. In fact he still harps upon the same old tune semi-occasionally. But those who have tried it say there is nothing in it. Of course there are varying tastes, but there is a certain class of citizen, who with his family prefers the modern flat to any other residence that was ever erected.

Beauty of Flat Life

Perhaps the growing tendency towards flats in the smaller city, where such life is not imperative, is due to the ease of living under such conditions. That is the explanation given by the local contractor. He intimates that the pater familias of today, busy eight to ten, or even more hours a day at his trade or place of business, feels that he has a little ease coming to him when he goes to his home at night.

Even if he has a couple of sturdy sons who revel in dumping coal in a furnace, hauling ashes, sawing wood, and performing the other "chores" incident upon life in a cottage or any other type of individual residence, they are not in infallible, and are only likely to let the fire die on the coldest day of winter.

Of course the janitor of the steam heated flat may do the same thing, but there is a certain kind of an enjoyment to be derived from swearing at the janitor. And in general, the contractor says, the janitors are far from being as black as they are painted.

All Advantages

To talk to the typical "flatter" is as good as a sunny day. He may cuss the landlord, abuse the janitor, and condemn the arrangement of the rooms in the seclusion of the family council, but let him entertain a kindred spirit who is suffering the hardships of life in a \$3,500 home, all paid for, located on some pleasant elm-shaded avenue! Solomon's glory was not like unto his flat.

Listen to him as he extols his flat. In tones of joy he enumerates the advantages of his steam heat, gas and electric light, his cunning little closets deftly squeezed into an infinitesimal space. He has no anthracite to buy in winter, no lawnmower to push in summer, and no milie walks to his place of business.

New houses may go up, but the flats are booming.

IS NOTED AS A
BEAUTIFUL SINGER

Baltus T. Stout, Who Will Assist the Evangelist Biederwolf in His Services.

Prof. Baltus T. Stout, who will assist Rev. Biederwolf in the revival services which begin next Sunday, is said to be a singer of unusual power. His home is in St. Paul, but for some time past his address has been given as Philadelphia, and most of his work has been done

through the eastern states. This will be his first work in conjunction with Rev. Biederwolf.

Beloit can testify eloquently to the power and force of Mr. Stout. About a year ago he conducted a series of meetings at the Baptist church in that city, or rather sang at the church gatherings, and crowds thronged to hear him. Most of his work has been done in that way. Although he has often sung in connection with some evangelist, he has more frequently been engaged to assist pastors in revival work.

In his singing in Beloit and elsewhere, Mr. Stout proved himself more than a mere vocalist. He has not only a rich and pure voice of great flexibility, but he has the gift of preachings through his singing. In his repertoire are a large number of devotional hymns, selected with a view to religious sentiment as well as melodic beauty, and his singing will doubtless draw large numbers to the meetings.

Dr. S. B. Buckmaster was called to Edgerton today in consultation with Dr. McChesney.

Wm. Gleason and Mabel Hillbrand, both of Janesville, were married in Rockford Wednesday.

Officer Fanning constituted the day police force today during the absence of Officers Hogan and Brown.

Prof. W. F. Gaskins, formerly teacher of music in the public schools, is in the city calling on friends and explaining the value of some old lands in Colorado.

John Slightam, the veteran pressman, who is employed by the Democrat Printing Co., of Madison, is home this week on account of a sprained knee and ankle. He expects to return to his duties next week.

CHIEF HOGAN HAS LAUGH ON HIM

He Stands and Sees His Train Pull Out, Consequently Gets Left.

It was demonstrated this morning that even people familiar with the leaving time of almost all the passenger trains out of Janesville can stand on the platform and see their train pull out and then realize after it was a block or two away that they should be aboard. For this reason the railroad boys and the city hall force are enjoying a good laugh at the expense of Chief Hogan and Officer Brown.

Yesterday Sheriff T. G. Sullivan of Fond du Lac was in the city and subpoenaed the two officers to appear at the case of the state of Wisconsin vs. J. J. Nash. Sheriff Sullivan, when he left Fond du Lac to come to Janesville got the wrong train out of Milwaukee and landed in Racine, and was making inquiries for Chief Hogan, before he realized that he was in the wrong town and that Hogan was in this city. They had a good laugh over Sullivan's trip yesterday and today he has the laugh on them.

It seems that this morning the chief and Officer Brown went up to the North-Western station to take the train for Fond du Lac which leaves at 6:55. There were several trains and the station and while they were waiting for their train to pull up to the platform, conductor Mahoney called all aboard and the train left for Fond du Lac and the two officers stood and watched it pull out, not realizing they should be aboard.

When they realized that they were left and that they were due in Fond du Lac this morning they did some tall hustling to find out how they could get there. The best they could do was to go to Jefferson Junction and Milwaukee and they left on the 8:18, after telegraphing the sheriff that they would be in Fond du Lac sometime during the day.

WEATHER MAN SAYS IT
WILL BE COLD TONIGHT

Warm and Balmey Days Are Over For a Week at Least.

Evidently the weather man has decided that the warm weather of the past two or three days was too much of a good thing. May be he thought that the coal dealers should have one more good chance to get rid of their high-priced coal. Perhaps he figured out that if he made the weather a little colder for a day or two people would appreciate spring more fully when it did come. At any rate he has let loose a blizzard in the west and promises cold weather with perhaps a snow storm to live up things for Wisconsin and Chicago.

Will Be Freezing

Freezing weather is predicted. The thermometer which was up to 72 degrees at one o'clock yesterday has dropped to where it closely resembles the early days of fall. The wise man on the top of the Auditorium in Chicago who makes the weather for this section from little charts says it will be below freezing by night and that Saturday will be cold with high winds.

Hicks' Prediction

The Rev. Ira Hicks, of almanac fame, has predicted just such conditions for the twenty-first and twenty-second. He says that this is due to the fact that the earth is passing exactly through the sun's center. At this time the moon is in apogee at last quarter and an extreme southern declination.

Snow Drifts and Blockade

Snow drifts are to come in the northwest and high cold gales in the south and middle section. In the south, the Rev. Ira says, that it will be a period of bad rains.

CHICAGO PLANT MAY COME HERE

DO NOT WANT ANY BONUS FROM THE CITY.

EXAMINED THE LOWER MILLS

Need Twenty Thousand Feet of Floor Room, and Sufficient Power.

Mr. Probert of Chicago in company with the president and other officers of the Searchlight Manufacturing company were in this city Wednesday, looking for a location of their business when they are anxious to move out of Chicago.

Want No Bonus

They were not looking for a bonus, but wanted a factory building with power where they could have about 20,000 feet of floor space that could be bought for a reasonable sum. One of their reasons for wishing to leave Chicago was the crowded condition of their factory. They are now occupying about 12,000 feet of floor space and wanted a building with at least 8,000 feet more.

Several Buildings

They have had several offers of buildings from other cities but preferred Janesville if they could find what they were looking after. They were taken to the lower cotton mill and shown over the building. It was about what they were looking for but the price without power was too high for them. They went from here to Rockford where the offer of a building had been made to them.

Has Good Rating

The company is given a good rating in the commercial journals and would be a valuable addition to Janesville's manufacturing interests.

WALL PAPER COMMOTION

SENATE RATIFIES CUBAN TREATY

THREAT TO THE CONVENTION

Clause Requiring Concurrence by the House May Be Made the Subject of Long Tariff Debate When Taken Up in Regular Session.

Washington, March 20.—The senate amended the Cuban reciprocity treaty and ratified it and then adjourned sine die. The vote on ratification was 50 to 16, somewhat more than three-fourths, whereas only a two-thirds vote was necessary.

While the senate has ratified the pact, it has attached an amendment to it which, it is feared, will ultimately result in its defeat. The clause making action by the house necessary to put the agreement in effect is regarded as being a serious menace to the convention, not only in the United States, but in Cuba. State department officials are alarmed lest the Cuban senate reject the treaty as amended and insist on immediate action by the United States.

Officials Are Worried.
Therefore this amendment is giving the officials great concern as to what action Cuba shall be requested to take or what the Cuban congress may do. By the terms of the convention as negotiated, the exchange of ratifications was to be effected before Jan. 31, but the department secured an extension of time until March 31.

The Cuban senate has already ratified the treaty just as it was negotiated, and there remains less than two weeks to send this amended treaty to Havana that it may be acted upon again by the Cuban senate and other formalities complied with within the time prescribed for the exchange of ratifications. Even should President Palma and the Cuban senate be willing to agree to all the changes made by the United States senate, the treaty will remain ineffective until the congress of the United States shall approve it.

Convention Is Not Binding.
This presents a new situation in treaty-making and leaves the convention no more binding on the United States than it was before the senate ratified it. In other words, the senate has ratified the treaty with a string to it, and it is unfair to ask the Cubans to bind themselves to the convention which is not binding upon the other party to it.

No one representing this government has authority to say when congress will approve the treaty or whether it will be approved by all.

Joint Resolution.
The general understanding is that it will be approved by a joint resolution which will be adopted by the senate and house when the fifty-eighth congress assembles in regular session. But the Democrats are threatening to hold up that joint resolution and make it the subject of an extended tariff debate, which may continue for months, and carry it over until the following summer.

In such a situation this government could not hold the Cubans to the compact, and whatever action the Cuban senate may take before March 31 will not make the treaty binding upon either party.

HISTORIC PAPER BURNS.

Original Proclamation of Emancipation Burned in Chicago Fire.

Washington, March 20.—After a long search Col. W. H. Michael, chief clerk of the state department, has discovered that the original proclamation by which Abraham Lincoln set free the slaves was destroyed in the great Chicago fire in 1871. A few years after the proclamation was issued a society of women in Chicago requested the president to place the original of the emancipation proclamation temporarily in their possession that they might exhibit it and devote the proceeds to a philanthropic work. Officials in Washington were loath to permit the famous instrument to leave the capitol, but in view of the charitable purpose for which it was requested it was finally sent to Chicago. Col. Michael now believes he has proof absolute that it was destroyed in the great fire.

Army Changes.

Washington, March 20.—Col. Peter C. Haines, corps of engineers, is to be promoted to the rank of brigadier general and retained on the active list until his statutory retirement in July, 1904. He will be appointed to the vacancy created by the promotion of Brigadier General B. F. Wade to the rank of major general on the statutory retirement on April 11 of Major General Robert P. Hughes, in command of the department of California. Quartermaster General Ludington and Inspector General Breckinridge each will be promoted to the grade of major general on the retirement of General Hughes, and each will be retired in that rank on the day of their promotion, thus leaving a vacancy for the promotion of General Wade.

Falls to Act on Treaty.

Washington, March 20.—The senate adjourned without action upon four reciprocity treaties, those with France, Barbadoes, St. Croix and Newfoundland. All these treaties, with the exception of the latter, will expire by limitation during the recess, and none will probably be renewed. The Newfoundland treaty will not be ratified, and the president, warned by the strong sentiment existing in the senate, will likely be deterred from negotiating and submitting any more reciprocity treaties.

May Not Wait for Notice.
Washington, March 20.—Dr. Herran, the Colombian charge here, has been notified officially by Acting Secretary Loomis of the favorable action by the United States Senate on the Panama Canal treaty, and he dispatched his official notice by mail to his foreign office at Bogota. He already has cabled his government, and believes it may proceed with the arrangements for the ratification of the treaty at Bogota without awaiting the arrival by mail of the formal notice.

Fraud Order.

Washington, March 20.—A fraud order has been issued by the Post-office Department against the Crystal Novelty Company of Chicago, which advertised to pay \$15 a thousand for letters written at home. This company required 50 cents for the articles used and responded to answers by sending five sheets of paper and a specimen of facial ointment.

Cullom to Deliver Speech.

Washington, March 20.—Senator Cullom will probably remain in the East a month. He has an appointment to preside at a meeting of the American Academy of Political and Social Science in Philadelphia on April 18 and is down for a speech. He may decide, however, to go home in the meantime and return for this engagement.

New Consuls.

Washington, March 20.—The President sent to the Senate the following nominations: Consuls—Albert W. Swain, now consul at Montevideo, at Southampton, England; John E. Hopley, now consul at Southampton, at Montevideo, Uruguay; Clarence Rice Slocum of New York, at Warsaw, Russia.

PLAN TO EMPLOY THE CHINESE

British Commissioners to Investigate Celestials as Gold Diggers.

London, March 20.—Commissioners Skinner and Noyes, who have been appointed to proceed to China to investigate Chinese labor with the view of its employment in the mines at Johannesburg, Transvaal, and who started from the latter place Feb. 20, have arrived in London. They will sail for New York on the steamer Umbria March 28 on their way to California, where they will inquire into the methods of employing the Chinese in that state.

American Refused Franchise.

St. Petersburg, March 20.—Interior Minister von Plehve has informed the mayor that the government has refused the application of Murray A. Verner of Pittsburgh, Pa., for the St. Petersburg and Moscow traction franchises.

Grip Claims Seventh Victim.

Stevens Point, Wis., March 20.—Miss Susie Benler, aged 19 years and a student at the normal school here, is dead. She is the seventh victim to the epidemic of grip and typhoid fever which prevails here.

To Fight Miners.

San Francisco, Cal., March 20.—At a meeting of over seventy mine owners of California the owners pledged \$300,000 to carry on a fight against the Western Miners' association for a long period if necessary.

America's Oldest Actress.

New York, March 20.—Mrs. Henry V. Lovell, America's oldest actress, has just celebrated her 80th anniversary. Mrs. Lovell was associated with Edwin Booth, Edwin Forrest and Charlotte Cushman.

FLUMES ARE A BAR TO HEAVEN

Indiana Preacher Induces Women to Take Feathers From Hats.

Indianapolis, Ind., March 20.—Rev. John Brown preached at Wabash, Ind., to a large congregation on "Earthly Follies." He said that no woman who wore plumes on her hat could enter heaven. Not many in the congregation had plumes on their hats, but four women who had seats well toward the front, with plumes waving jauntily from their hats, walked to the rear of the room, tore off the plumes and threw them into the stove.

Oil Ship Is On Fire.

Bordeaux, France, March 20.—The Dutch bark Amicitia, from New York Jan. 23, with petroleum, which arrived at Blaye Feb. 27, is on fire at La Roque. Several lives are reported to have been lost on board the vessel, which had 700 barrels of oil on board. The Amicitia probably will be a total loss.

Accident to Warship.

Algiers, March 20.—The United States cruiser Albany was about to leave this port when a slight derangement of her propeller compelled the warship to delay her departure.

Morgan Seeks Tin Mines.

Calcutta, March 20.—A telegram from Bangkok reports that an agent of J. Pierpont Morgan is bidding for the concession of the entire tin mining industry of Siam.

Justice Day Improving.

Washington, March 20.—Justice Day is reported to be improving steadily. His condition is regarded by his physicians as very satisfactory.

Yellow Jack Spares Cuba.

Havana, March 20.—Thus far there have been no cases of yellow fever reported here and no quarantine against the island has been established by the ports of Florida.

Inscriptions Are Censored.

Berlin, March 20.—The anniversary of the revolutionary outbreak of 1848 was observed by crowds, who went to the cemetery to decorate the graves of those who were killed in the rioting. All inscriptions on the wreaths were examined and objectionable inscriptions cut off.

Mountain Falls Into Lake.

Winnipeg, Man., March 20.—The fall of a mountain into the lake at Arrowhead, in the Selkirk range, has terrified the residents of that district. The collapse was accompanied by a continuous roaring and by clouds of smoke.

Heavy

Dull Feeling After Dinner.

Tortures of Death From Headache.

Dr. Miles' Anti-Pain Pills Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbbled, I became sick at my stomach, and suffer almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time."—Mrs. M. E. Noble, Garfield, Wash.

"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."—Mrs. Wm. F. Dicks, Gloversville, N. Y.

"Dr. Miles' Pain Pills grow in favor with me every day; for, whereas I used to have sick headache once a week, sure, can say that I do not have it any more at all. I never had anything cure me of sick headache before."—CLAUDE TUCKER, Wallace, N. Y.

SAY BURDICK CHOKED WIFE

SECURES SAFETY VAULT KEY

Found the Missive to Mrs. Burdick and Reports of Private Detectives Hired by Her Friend, Which Told of Husband's Movements.

Buffalo, N. Y., March 20.—At least one reason has been supplied for the threat of Arthur R. Pennell against Edwin L. Burdick in the letter where he wrote: "I feel that I must kill him." or "There are times when his manner toward you makes me want to kill him." This letter was sent Mrs. Burdick, and, as the friends of Burdick have it in their possession and will give it to the authorities, guesses were made of the manner in which Burdick came to possess it.

How Burdick Got Letter.
It was learned from a friend of Pennell that some time after December, 1900, when the letter was written, Burdick seized his wife in their house one night and choked her until she signed a paper the contents of which she did not know. It was an order on the safe deposit company where Mrs. Burdick kept her papers or box, and gave Burdick access to the drawer and contents. Armed with this paper Burdick secured the property of his wife, which included the letters of Pennell to Mrs. Burdick and reports of the detectives upon Burdick's movements.

Influenced Mrs. Burdick.
Although the incident took place after Pennell had written a threatening letter it is understood the choking episode was not the first in which Pennell had treated Mrs. Burdick harshly by her husband. Pennell had great influence with Mrs. Burdick, so great that he is credited with having caused her to write the letter in which she asked her husband to take her back the first time she was exiled.

Prenatal Influences.
Mrs. Burdick was the subject of much concern to Pennell, and the thought that Burdick treated her harshly or kept her from her children probably served to affect the lawyer's peace of mind. Pennell's disposition might easily have been affected if prenatal influence is accepted. It is said he was born in Brunswick, Me., but he really was born aboard his father's ship in the tropics while there was a mutiny aboard, which was suppressed only by the bravery and determination of Capt. Pennell. It was just after this uprising that Arthur Pennell was born, yet he never showed any signs in bearing or temperament of any traits resulting from circumstances attending his birth.

Detectives on the Trail.
Pennell's dislike to Burdick was not spasmodic. He caused Burdick to be trailed as steadily as Burdick shadowed him. He hired detectives to follow Burdick and Mrs. Paine in this city and to watch Burdick and Mrs. Warren in Cleveland for over a year. He knew Burdick's every movement and spent thousands of dollars in the task. The authorities have traced expenditures of more than \$1,000.

Both Hired Sleuths.
Burdick learned of the espionage by finding in Mrs. Burdick's safe deposit box some reports of Pennell's detectives in this city. They tracked Burdick's visits to hotels, his drives and trips out of town. One of the reports told of the appearance of Mrs. Warren, his "little friend." Pennell had a New York detective in his pay and finally retained a Cleveland detective, who was shadowing Burdick on Feb. 27, 1902, exactly one year before Burdick was murdered.

THEY MUST BE READY TO FIGHT

Austrian Officers Ordered Not to Join Anti-duelling League.
Vienna, March 20.—The war minister has forbidden all officers to join the Anti-duelling league. The order of the minister directs the league to resign. The minister contends that officers joining the Anti-duelling league subject themselves to being placed in opposition to the military courts of honor, which receive official sanction.

Discharge Leads to Murder.
Manistee, Mich., March 20.—In a fit of insane rage because he was discharged, Joseph Bradley, a farm hand, killed his employer, Mrs. Bowerman, a widow, and seriously wounded her daughter Nola, aged 11 years. Bradley then placed the revolver against his temple and fired, killing himself instantly.

Vanderbilt Wedding.
Newport, R. I., March 20.—Mrs. Frederick Nelson and her eldest daughter, Mrs. Arthur Kemp, are here arranging for the marriage of Miss Cathleen Nelson to Reginald Vanderbilt. It is said that the ceremony will be performed on April 15.

Philippine Customs.
Manila, P. I., March 20.—The statement of the customs revenues for the Philippine Archipelago for 1902, as compared with other years, shows a steady increase, as follows: 1902, \$9,018,353; 1901, \$8,345,017; 1900, \$8,221,625; 1899, \$4,573,362.

Faithful Dog Dies.
Idaho Springs, Colo., March 20.—William Kellie and his dog were blinded in an explosion and the animal traveled ten miles to give the alarm. Assistance arrived and the man's life was saved. The dog died from his injuries.

CHOKING CATARRH CURED

Mr. Caswell Says "Hyomel Cured Him". Your Money Back if It Does Not Cure You. "Use Hyomel and be cured of catarrh," is what all who have tried it for that disease say to their friends. O. S. Caswell, of North Middleboro Mass., writes "Hyomel has relieved me from a choking catarrhal trouble and cleared my head. I am glad to recommend it to my friends." It is the easiest thing in the world to stop catarrh or a catarrhal cold at its beginning if you use Hyomel. Just breathe the health-giving balsamic air for a few minutes and your catarrh will be cured. In the worst cases of this disease, chronic or acute Hyomel used four or five times a day is all that is needed to soon effect a cure.

In this city and neighboring towns, there are today hundreds who can testify to the remarkable powers of Hyomel to cure catarrh. Many of the staunchest friends of this remedy today began its use with little hope that they would be cured, but as the Peoples Drug Co. offered to refund the money if it did not cure, they decided to try it on that plan, and were soon restored to health. The fact that in this city the Peoples Drug Co. have refunded the money for only two outfits out of the hundreds they have sold is the strongest proof that can be offered as to the truth of the statement that Hyomel cures catarrh and all troubles of the throat and lungs.
